## **FEBRUARY NEWSLETTER**

There is no shortage of themes for the month of February! From Groundhog Day and Chinese New Year (although it was early this year!) to Valentine's Day- there are plenty of ideas for crafts and activities.

### **Chinese New Year:**

You can make fans, lanterns, zodiac animals, dragons, drums and "lucky money".

Attached is a pattern for a Chinese panda bear that's fun and easy.

### **Groundhog Day** (February 2):

What's cuter than a groundhog?

Make the "There's a Groundhog on my Head" Hat Craft! (attached) and talk about the history of Groundhog Day.

### **Valentine's Day:**

Make a Valentine Heart Wreath decoration by cutting a hole out of a large paper plate, then glue pink and red hearts around the edges.

You can have each child make one to take home, plus, one for your wall, with each child decorating a few hearts.

### **Module #7: " HELPING CHILDREN GROW & DEVELOP"**

Wednesday, February 18, 7-9 pm at Home & Heart.
